

LCA STANDING RULES

1. Lifetime membership. Waive membership fees for those members that have been continual members in good standing for 20 years and have made a significant contribution to the club during five of those years. Significant contribution is defined as follows:

- a. Minimum of one year as an officer or Board member and
- b. Regional/National show chair or
- c. Serving on a committee or
- d. Editor of a club publication or
- e. Any other significant contribution as defined by the Board.

The recording secretary will determine when a member has reached the 20 continuous years of good standing and will send written notice to that member by September 1 of their 20th year. The notice should include the wording of the standing rule. If the member desires lifetime membership, they will need to respond back with a list of the significant contributions they have done. The recording secretary will then present the information for vote at the October Board meeting. If approved, the member will be designated lifetime and will no longer be required to pay club dues. The Treasurer will be informed of the change of status to Lifetime as to not expect payment of dues for the following year and thereon. Only the Board has the final say in whether or not the member has met the significant contribution definition. 2-20-19
